2. Claims 24-29 are presently under consideration.
3. This application is in condition for allowance except for the presence of claims 1-23 and 30-43 to an invention non-elected without traverse. Accordingly, claims 1-23 and 30-43 will be cancelled.

Examiner's Amendment

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

Please cancel claims 1-23 and 30-43.

Allowable Subject Matter

5. The following is the Examiner's statement of reasons for allowance:

While the prior art of record would make obvious the silver halide color photographic material and corresponding method of forming a color image thereof, said material containing some of the features as claimed by applicants,

i.e., a silver halide color photographic material comprising a light-sensitive silver halide emulsion layer containing a chloride-rich emulsion and a mercaptotetrazole compound, as well as a method whereby a color image is formed by cutting said silver halide photographic material into sheets, subjecting the cut sheets to imagewise exposure, processing the material via a color development step, a bleach-fix step and a rinse step,

said art does not in fact, disclose or teach the claimed silver halide color photographic material and corresponding method of forming a color image thereof, characterized by the unique combination of the use of the specific mercaptotetrazole of the instant formula (I), specific transport speed and specific bleach-fix processing time.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Claims 24-29 are allowed.
